## INSTRUCTIONS

According to the legal provisions, the Ministry of Foreign Affairs of Romania / Department for Export Controls, requires that this completed Non-Transfer and Use Certificate (NTUC) form, be included as a part of an export licence application for military goods. Failure to submit will result in application being returned without action. The NTUC form, must be completed by the appropriate foreign persons (e.g., importer, end-user, government) and forwarded to the Ministry of Foreign Affairs of Romania / Department for Export Controls by the person making the export licence application.

1. *Item 1.* The Ministry of Foreign Affairs of Romania / Department for Export Controls will enter the application number when the NTUC form is submitted with the export licence application.
2. *Item 2.* Show the name of the Romanian person submitting the application to the Ministry of Foreign Affairs of Romania / Department for Export Controls.
3. *Item 3.* Show the foreign person that will receive the goods/data for end-use. A bank, freight-forwarding agent, or other intermediary is not acceptable as an end-user.
4. *Item 4.* Show the country in which the goods/data will ultimately receive end use.
5. *Item 5.* Show precise quantities of the goods/data. List each goods/data clearly, mentioning the type, model number, make and (if known) Romanian military designation. When components and spare parts are involved, fully identify the minor component, the major component and the end item in which they will be used (e.g., turbine blades for XX jet engine for YY aircraft). Give a separate value for each major component. Values must represent only the selling price and not include supplementary costs such as packing and freight. *If you need to use continuation sheets, each must carry the exporter's reference, and must be signed and dated by the same person who signs this form.*
6. *Item 6.* To be completed by the foreign person (the importer), who has entered into the export transaction with the Romanian export licence applicant to purchase the goods/data, for delivery to the end-user. This item will be completed even if the importer is the same as the end user.
7. *Item 7.* To be completed by the foreign person, in the country of ultimate designation, who will make final use of the goods/data.
8. *Item 8.* This item is to be completed by an official of the country of ultimate destination having the authority to so commit the government of that country.
9. *Item 9.* Certification of the Romanian export licence applicant.
